**RE: OSHA Docket No. OSHA—2008—2002; Nomination of David Sarvadi, to
be a Management Representative on NACOSH**

By electronic submission: <http://www.regulations.gov>

Dear Mr. Secretary:

Once again I am pleased to support the nomination of David Sarvadi to serve as a management representative on the National Advisory Committee on Occupational Safety and Health (NACOSH). David has shown a comprehensive understanding of occupational safety and health through his activities with the Chamber on our Labor Relations Committee, and as a witness at various Congressional hearings. I have great confidence in his knowledge of the law, his professional judgment in advocating for appropriate policies, and his dedication to improving workplace safety.

In addition to his experience as a lawyer, David is also a Certified Industrial Hygienist which gives him a superior technical understanding of workplace health and safety issues. As his letter submitting his nomination indicates, he has held a wide variety of positions dealing with occupational safety and health matters including being responsible for workplace safety and health programs both large and small company environments. His field experience, combined with his legal and technical expertise and involvement in OSHA policy issues make him a superb candidate for this position.

David has always been generous in providing advice and focused on improving health and safety in the workplace. He continues his work as an instructor in courses that help employers better understand how to protect their employees and comply with OSHA regulations. He has also maintained a prominent position among his peers in the field through his participation in the American Bar Association OSH Subcommittee of the Labor Law Section.

I am certain that David will make an outstanding member of NACOSH, advocating for sound workplace safety policies that will benefit both employees and employers. I look forward to his participation on NACOSH.

Sincerely,
